## ACHIEVEMENTS

1st Position - District Level Science Exhibition

## SUMMARY

- **Aspiring Web Developer & Leader:** Grade 12 student and Deputy President at AKHSS Booni with hands on experience in Python and front-end development.
- **Proven Impact:** Founder and developer of "Collabs" a multi-campus eLearning platform addressing regional educational isolation.
- **Problem Solver:** Successfully served as UI Designer for the Xylem Innovation Challenge 2025 and completely digitized a manual library circulation system.

## EXPERIENCE

**Deputy President, Aga Khan Higher Secondary School, Booni, Buni**

Sep 2025

1. Spearhead planning and execution of major school events, managing logistics for a student council serving the entire student body.
2. Drive campus-wide initiatives focused on academic extracurriculars, technical skill-building and peer advocacy.
3. Utilize public speaking and team leadership to bridge communication between students and school administration.

**IT Club Lead, Aga Khan Higher Secondary School, Booni, Buni**

Aug 2025

1. Direct the school's technology club, designing a structured environment for peers to explore computer science, programming and digital library.
2. Organize workshops and peer-led sessions to teach foundational coding principles and modern tech workflows.
3. Manage club logistics, source learning materials and advocate for increased digital resource allocation on campus.

**Founder & Developer, Collabs, Chitral**

Mar 2025

1. Conceived and launched a multi-campus EdTech platform to democratize academic resource sharing among regional students.
